# 1. What is PARCA?

## 1.1 Overview

Welcome to the PARCA Officer User Manual. This guide provides step-by-step instructions, tips, and troubleshooting advice to ensure the successful implementation of PARCA.

PARCA is a digital health tool in the form of an officer dashboard and a client mobile phone app. PARCA is designed to be used by officers and clients as an aid for community supervision.

**Officer Dashboard**

**Client Mobile App**

PARCA helps clients on community supervision by encouraging them to set and achieve goals that are important to successful reintegration into their community. Further, PARCA provides incentives for clients for the following goals:

- Community supervision appointment attendance
- Substance use disorder treatment initiation and continued appointment attendance
- Mental health treatment initiation and continued appointment attendance
- Negative drug tests

## 1.2 Why Use PARCA?

PARCA aids officers by:

- Streamlining supervisory activities
- Lightening the administrative burden of case management
- Increasing client engagement
- Strengthening relationships with clients

## 1.3 What are the Key Features of the Officer Dashboard?

Supplement case management:

- Manage community supervision goals
- Manage reward redemption process
- Review client journal entries
- Message directly with clients (2-way)
- Upload case plan for client viewing

## 2. What are the Computer Requirements for PARCA?

PARCA is a web-based software application accessible on all modern internet-connected computers running up-to-date operating systems.

### 2.1 Hardware Requirements

#### 2.1.1 Supported devices

- Desktop and laptop computers, including both Windows and macOS systems
- Smartphones (Android and Apple)

#### 2.1.2 Recommended specifications

- Processor: Dual-core processor or higher
- RAM: 4GB or more
- Screen Resolution: A minimum resolution of 768 pixels is required

### 2.2 Software Requirements

Before accessing PARCA, ensure your device's software components are up to date. PARCA is designed to be compatible with standard web browsers.

#### 2.2.1 Supported web browsers

- Google Chrome: Current Version and Current Version minus 1
- Apple Safari: Current Version and Current Version minus 1
- Microsoft Edge: Current Version and Current Version minus 1

#### 2.2.2 Browser settings

- JavaScript: Enable JavaScript for optimal functionality

#### 2.2.3 Internet connection

A secure and high-speed internet connection is crucial for maintaining the confidentiality and integrity of your PARCA data. Follow these guidelines to ensure a secure connection:

- Use Encrypted Connections: Whenever possible, connect to PARCA using encrypted protocols (HTTPS).
- Secure Wi-Fi Networks: Do not use public Wi-Fi networks for sensitive PARCA activities. If available, use a Virtual Private Network (VPN) for added security.

#### 2.2.4 Operating system compatibility

PARCA only works with the following operating systems:

- Windows 10 and 11 or later
- macOS X or later

## 2.2.5 Unsupported environments

PARCA is not guaranteed to work optimally in the following environments:

- Outdated Web Browsers
- Unsupported operating systems

Ensure that your device meets these software requirements and be sure to follow security best practices to safeguard client data while using PARCA.

## 3. How do I get Started?

### 3.1 How Do I Activate My PARCA Officer Account?

You will receive an email invitation from the PARCA system to activate your account.

Follow these steps:

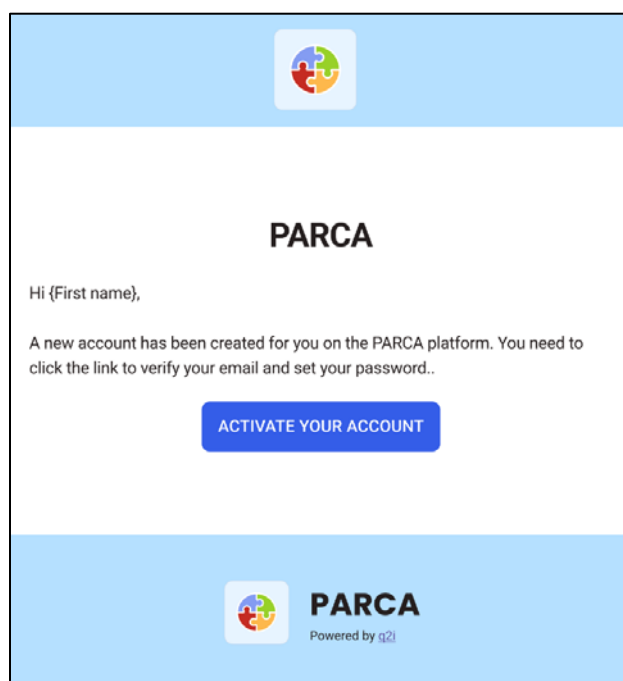

1. Check your email inbox:

Look for the PARCA invitation email from [no-reply@q2i-parca.com](mailto:no-reply@q2i-parca.com) in your inbox (check your Junk and/or SPAM folders).

If you can't locate this email, please email Lindsay Smith ([Lsmith67@gmu.edu](mailto:Lsmith67@gmu.edu)) so she can resend it.

2. Open the email and click the *ACTIVATE YOUR ACCOUNT* button:

You will be redirected to the PARCA *Change your Password* page.

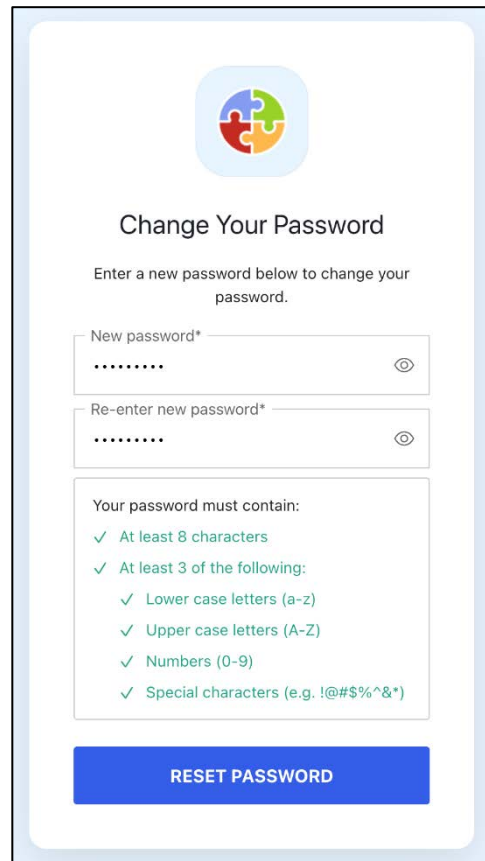

### 3. Create your PARCA account password:

Your password needs to fulfill certain security conditions:

- At least 8 characters
- At least 3 of the following:
  - Lower case letters (a-z)
  - Upper case letters (A-Z)
  - Numbers (0-9)
  - Special characters (e.g. !@#\$%^&\*)

After re-entering your password, click the **RESET PASSWORD** button.

### Change Your Password

Enter a new password below to change your password.

New password\*

Re-enter new password\*

Your password must contain:

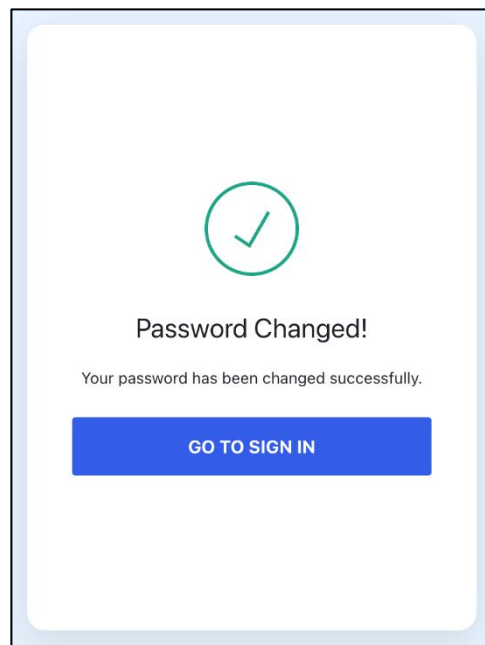

- ✓ At least 8 characters
- ✓ At least 3 of the following:
  - ✓ Lower case letters (a-z)
  - ✓ Upper case letters (A-Z)
  - ✓ Numbers (0-9)
  - ✓ Special characters (e.g. !@#\$%^&\*)

**RESET PASSWORD**

Your PARCA account is now active, and you can proceed to *Sign in* using your work email address and your new password.

Click on the **GO TO SIGN IN** button and you will be redirected to the *Sign In* screen.

If you encounter any issues during this process, please contact the study research team (Lindsay Smith, [Lsmith67@gmu.edu](mailto:Lsmith67@gmu.edu)).

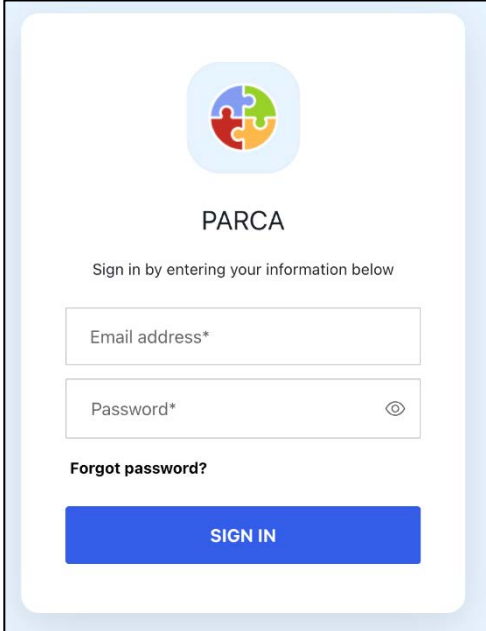

### Password Changed!

Your password has been changed successfully.

**GO TO SIGN IN**

## 3.2 How Do I Sign In?

1. The PARCA *Sign in* page is located at:  
<https://dallas.q2i-parca.com>  
Bookmark this URL in your browser for quick access.
2. Enter your work email address and PARCA account password.
3. Click the *SIGN IN* button.

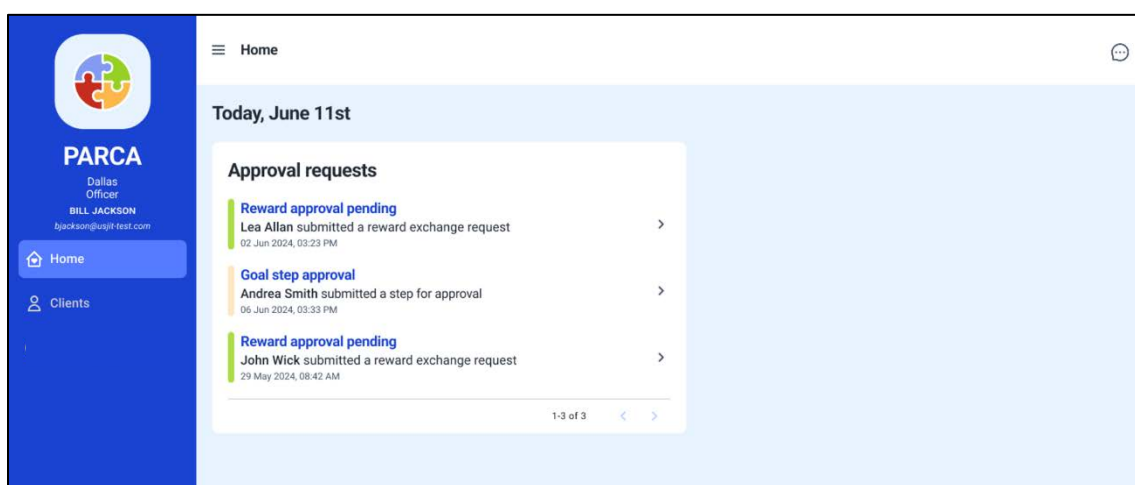

The screenshot shows the PARCA Sign In page. At the top is the PARCA logo, which consists of a blue circle containing three interlocking puzzle pieces in red, green, and yellow. Below the logo is the word "PARCA" in a bold, black, sans-serif font. Underneath that is the instruction "Sign in by entering your information below" in a smaller, lighter font. There are two input fields: the first is labeled "Email address\*" and the second is labeled "Password\*" with a small eye icon to its right for toggling password visibility. Below the password field is a link that says "Forgot password?". At the bottom of the form is a large blue button with the text "SIGN IN" in white, uppercase letters.

## 4. What Features does PARCA have?

### 4.1 What Is on the Officer Dashboard *Home* Page?

On their PARCA *Home* page, officers will see:

- Side menu to navigate to the *Home*, *Clients* and *Help & Support* pages.
- Client Approval requests:
  - Pending client approval requests for goal step completions
  - Pending client approval requests for reward redemptions

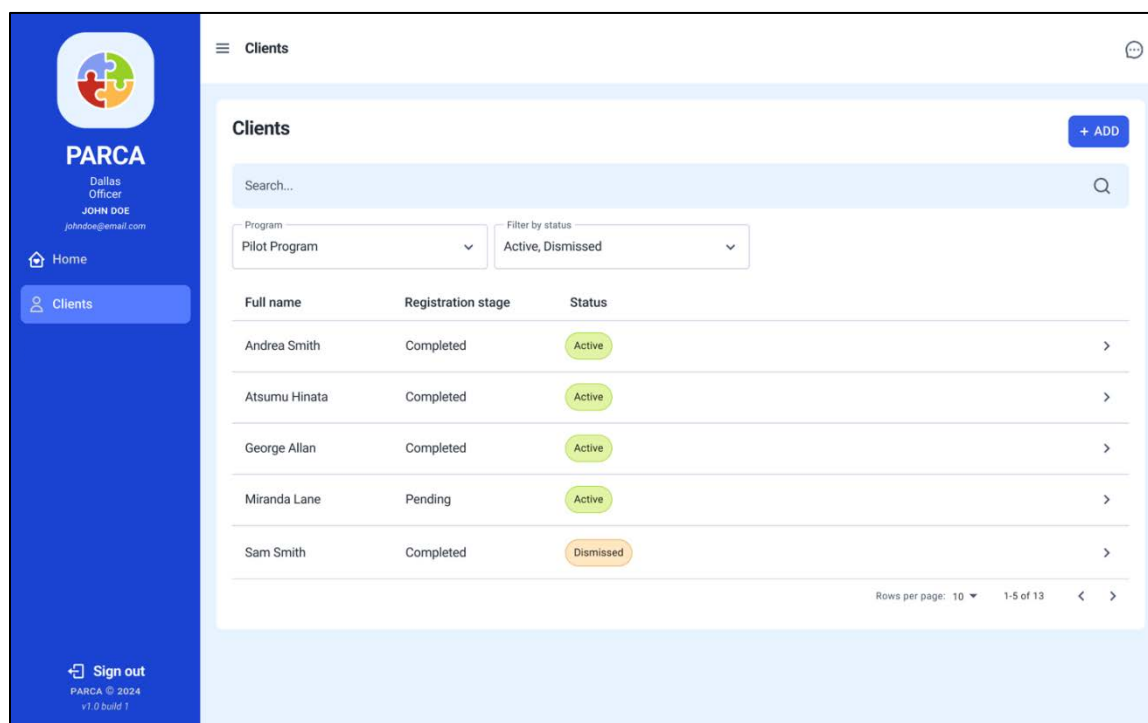

Clicking on a listed Approval request will take you directly to the details of that Approval request, where you approve or reject the client's request.

## 4.2 What is the *Clients* Page?

Officers can view their client list by selecting *Clients* in the left menu bar.

Your client list will be populated by the research team.

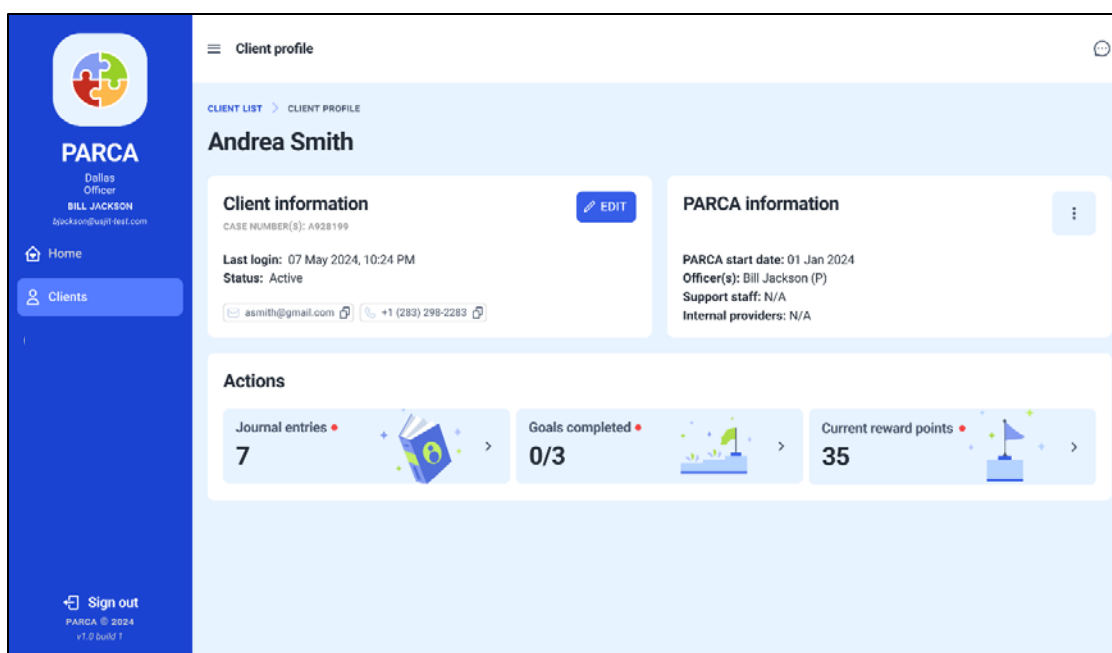

### 4.2.1 What is on the *Clients* page?

Officers can view each client's:

- Full name
- Registration stage refers to the PARCA registration status of the client:
  - *Pending*: The client has been sent a PARCA invitation to activate their account but has not activated it.
  - *Completed*: The client has activated their PARCA account.
- Status refers to the *Program* status of the client:
  - *Active*: The client has been entered into the *Program* (but may not have activated their account).
  - *Dismissed*: The client is no longer participating in the program.

Clicking any row for a client will take you directly to their *Client profile* page, which contains detailed study data for the client.

#### 4.2.2 What is on the *Client profile* page?

Officers can view individual client data:

- Client information (e.g., last login date/time, program status)
- PARCA information (e.g., staff overseeing the client, start date)
- Journal entries (*red dot means there is a pending journal entry to review*)
- Goals completed (*red dot means there is a pending goal step completion request*)
- Current reward points (*red dot means there is a pending reward redemption request*)

Clicking on *Journal Entries*, *Goals completed*, or *Current reward points* will take you directly to the detailed client data for these sections.

Clients can earn reward points, or PARCA Points (PPs), for the following incentivized goals:

- Attending officer appointments
- Initiating substance use treatment
- Attending substance use treatment appointments
- Passing drug tests
- Initiating mental health treatment
- Attending mental health treatment appointments

PARCA Points can be redeemed by clients for rewards:

- In-county clients: A reduction in community service hours or a reduction in community supervision fees (these rewards will be administered by officers into their internal system).
- Out-of-county clients: A bus pass or cash voucher (these rewards will be administered by members of the research team).

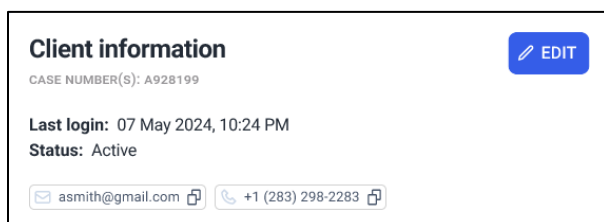

### 4.2.2.1 How do I edit a client's profile?

Once a client profile has been created by a member of the research team, you can easily update or modify their details as needed.

Client information:

Follow these steps to edit a client's profile:

1. Click the *EDIT* button in the *Client information* box to bring up the *Edit client* screen.

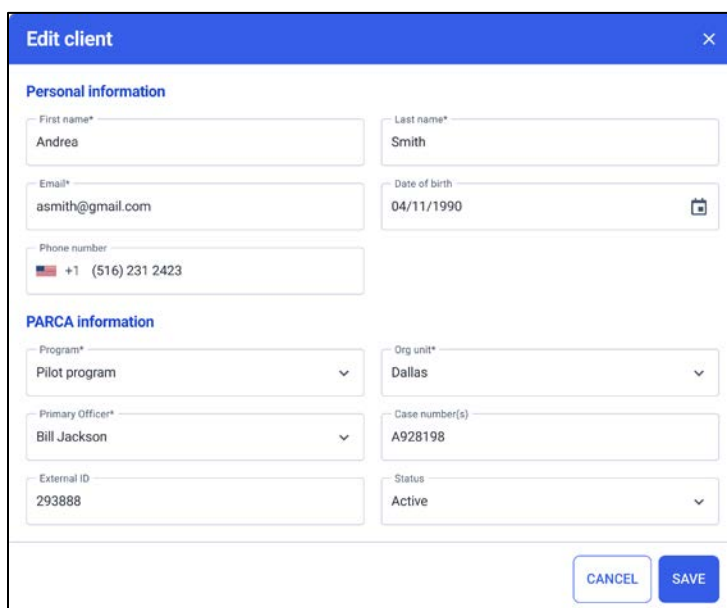

**Client information** EDIT

CASE NUMBER(S): A928199

First name\*  Last name\*

Email\*  Date of birth  

Phone number

**PARCA information**

Program\*  Org unit\*

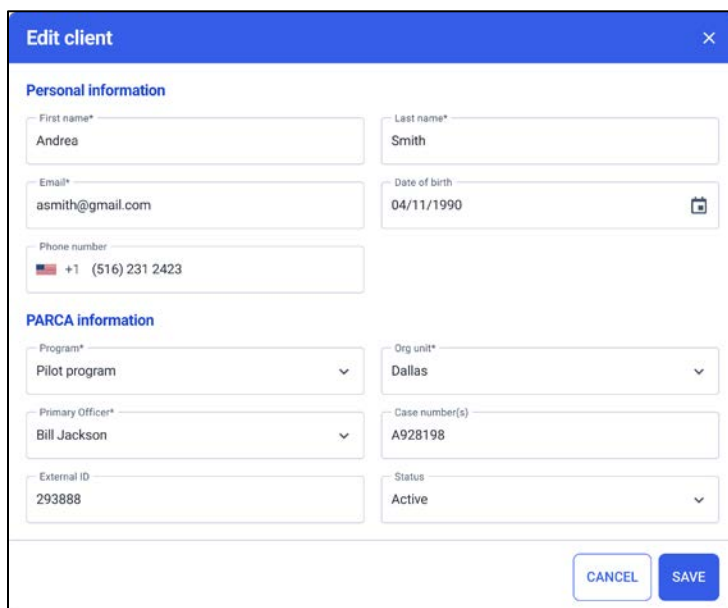

Primary Officer\*  Case number(s)

External ID  Status

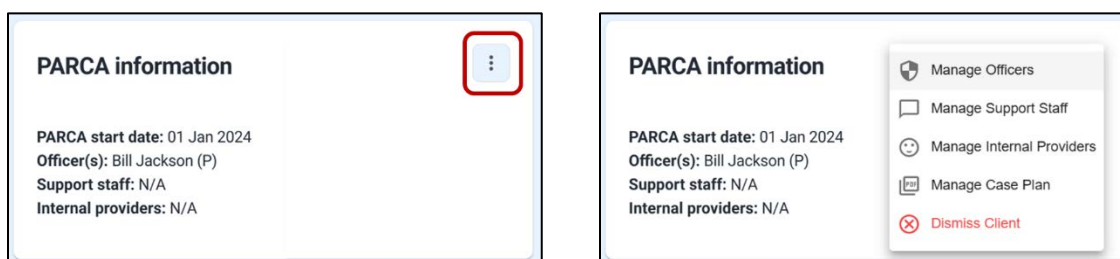

CANCEL SAVE

2. The following fields can be edited (only those fields with an \* require data):
  - *Full name\**: Correct or update the client's first and/or last name.
  - *Birth date*: Add or modify their birth date.
  - *Phone Number*: Add or modify their phone number.
  - *Program\**: Ensure program is correct; choose from the drop-down menu.
  - *Org unit\**: Ensure organizational unit is correct; choose from the drop-down menu.
  - *Primary Officer\**: Update client's primary officer; choose from the drop-down menu.
  - *Case Number*: Input or adjust the client's assigned case number.
  - *External ID*: Input or adjust the client's **State ID number**.

3. Make changes as needed:
  - Double-check the entered details before saving to avoid errors.
  - Regularly update client information to maintain accurate records.
4. Click the **SAVE** button to update the client's profile. Or click on **CANCEL** to cancel the update.

#### PARCA information:

By clicking on the 3-dot icon in the client's *PARCA information* section on the *Client profile* page, you can:

- **Manage Officers:** Add additional officers who are authorized to manage the client (e.g. in case the primary officer is out long-term).
- **Manage Case Plan:** Upload a PDF version of client's case plan so they can view it in the PARCA mobile app.
- **Dismiss Client:** Dismiss a client from participating in the PARCA program (e.g., rearrested, reconvicted, sent back to jail, probation revoked, etc.). Clients will still be able to redeem any PPs they have earned up to the date of dismissal.
- **Manage Support Staff and Manage Internal Providers:** These features are disabled.

### 4.2.3 How can I view client journal entries?

From the *Client profile* page, you can access the client's journal entries.

#### 4.2.4 Where can I exchange messages with clients?

You can easily access the *Chat* feature from any page within the PARCA app. Simply click the *chat icon* (🗨️) located in the upper-right corner of the page. This will open the *Messages* page, where you can exchange messages with your clients.

In the Messages section:

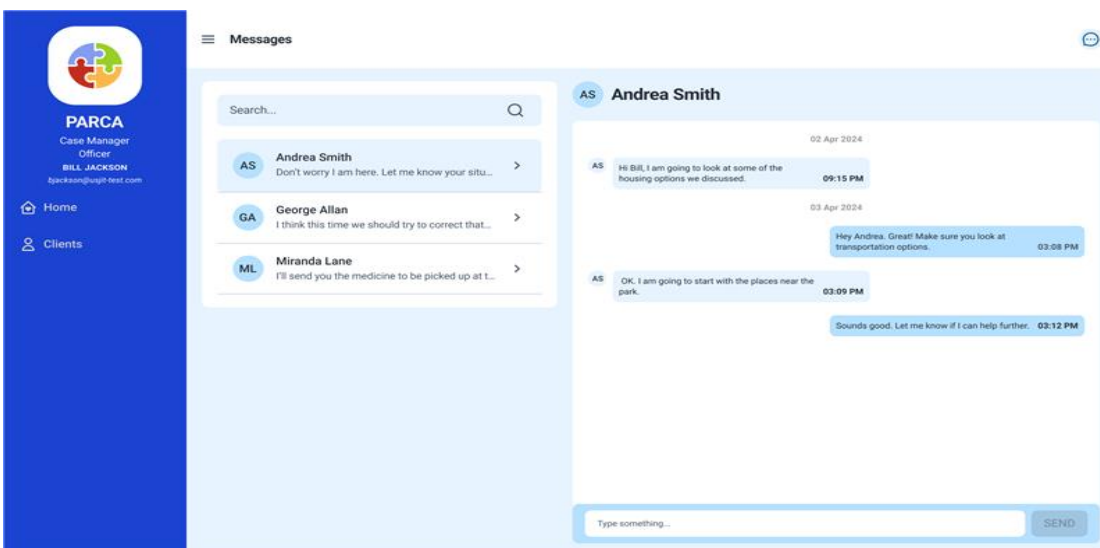

##### 1. Locate a client conversation

- Scroll through the list of conversations, or
- Use the *search box* at the top to quickly find a specific client by name.

##### 2. View a client conversation

- After selecting the desired client profile, all interactions with that client will be displayed on the right-hand side of the screen.
- This view allows you to:
  - exchange messages with clients, and
  - review a client's full conversation history in one place.

## 4.3 How are Client Community Supervision Goals Managed?

### 4.3.1 What are the PARCA client community supervision goals?

Officers should collaborate with clients to select their community supervision goals. Clients should be encouraged to work on three goals at a time. Attending community supervision appointments will be one goal all clients will have.

Each goal is broken down into steps to make the goal easier for a client to achieve. PARCA tracks progress on each goal by tracking the completion of the individual steps.

Clients can earn PPs for the following goals:

- Collaboration with Officer (10 PPs for each appointment attended)
- SUD Treatment Initiation (4 steps – 10 PPs per step completed)
- SUD Treatment Continuation (10 PPs for each appointment attended)
- Mental Health Treatment Initiation (4 steps – 10 PPs per step completed)
- Mental Health Treatment Continuation (10 PPs for each appointment attended)
- Drug Test Results (10 PPs for each negative drug test)

PARCA has additional goals (with their associated pre-defined steps) that are important to your client's reintegration that you can select for them to work towards:

- Housing
- Employment
- Food
- Health Care
- Harm Reduction Orientation
- Suicide Prevention
- Education
- Transportation
- Child Care
- Financial Services

The PARCA Client Mobile App provides access to guidelines and resources in the *How to* and *Resources* features to help clients achieve their community supervision goals.

### 4.3.2 How do I review client goals?

On the *Client profile* page, click on the client's *Goals completed* button to select and track their community supervision goals.

The screenshot shows the PARCA Client profile page for Andrea Smith. The left sidebar contains the PARCA logo, user information (Dallas Officer, BILL JACKSON), and navigation links (Home, Clients, Sign out). The main content area is titled 'Client profile' and includes a breadcrumb trail (CLIENT LIST > CLIENT PROFILE). The client's name, 'Andrea Smith', is prominently displayed. Below this, there are two main sections: 'Client information' and 'PARCA information'. The 'Client information' section includes fields for 'CASE NUMBER(S): A928199', 'Last login: 07 May 2024, 10:24 PM', 'Status: Active', and contact details (email: asmith@gmail.com, phone: +1 (283) 298-2283). The 'PARCA information' section includes 'PARCA start date: 01 Jan 2024', 'Officer(s): Bill Jackson (P)', 'Support staff: N/A', and 'Internal providers: N/A'. Below these sections is an 'Actions' bar with three items: 'Journal entries' (7), 'Goals completed' (0/2), and 'Current reward points' (35). The 'Goals completed' item is highlighted with a red border. At the bottom of the sidebar, there is a 'Sign out' button and version information (PARCA © 2024, v1.0 build:1).

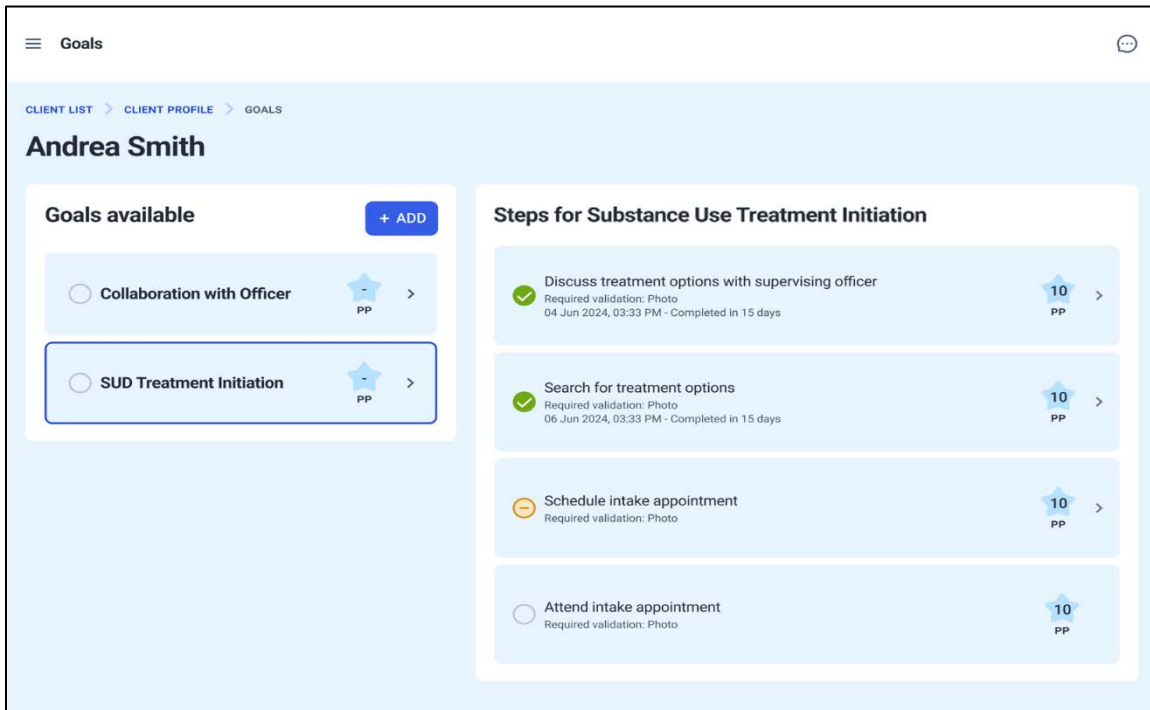

This will take you to their *Goals* page.

The screenshot shows the PARCA Goals page for Andrea Smith. The left sidebar is identical to the previous screenshot. The main content area is titled 'Goals' and includes a breadcrumb trail (CLIENT LIST > CLIENT PROFILE > GOALS). The client's name, 'Andrea Smith', is prominently displayed. Below this, there are two main sections: 'Goals available' and 'Steps for Substance Use Treatment Initiation'. The 'Goals available' section includes a '+ ADD' button and two goal options: 'Collaboration with Officer' (10 PP) and 'SUD Treatment Initiation' (10 PP). The 'Steps for Substance Use Treatment Initiation' section includes a list of steps: 'Discuss treatment options with supervising officer' (10 PP), 'Search for treatment options' (10 PP), 'Schedule intake appointment' (10 PP), and 'Attend intake appointment' (10 PP). Each step includes a status indicator (checkmark or minus sign), a required validation (Photo), and a completion date and time.

From this page, officers can view:

- On the left side, a list of client goals that they are working on or have completed.
- On the right side, a list of steps that need to be completed for the highlighted goal.
- Whether the step has been completed (e.g., 2/4 steps have been completed, and the 3<sup>rd</sup> step is pending approval).
- Amount of PPs that can be earned for each step is listed inside the blue star (will be a “-“ or zero for unincentivized goals).

**Goals**

- ☐ Schedule intake appointment 10 PP >  
Required validation: Photo
- ☐ Attend intake appointment 10 PP

### 4.3.3 How do I add client goals?

Officers, not clients, are able to add client goals in PARCA. Officers should work in collaboration with their clients to choose their community supervision goals by asking clients what they want to achieve in the coming months.

To add a client goal, click on the + *ADD* button (you will see the screenshot on the left when you enter a client's 1<sup>st</sup> goal):

The screenshot displays the 'Goals' page for client Andrea Smith. On the left, under 'Goals available', there are two radio button options: 'Collaboration with Officer' and 'SUD Treatment Initiation', each with a '+ ADD' button. On the right, under 'Steps for Substance Use Treatment Initiation', there are four steps, each with a status indicator and a '10 PP' value:

- Discuss treatment options with supervising officer (Green checkmark, 10 PP)
- Search for treatment options (Green checkmark, 10 PP)
- Schedule intake appointment (Orange circle, 10 PP)
- Attend intake appointment (Orange circle, 10 PP)

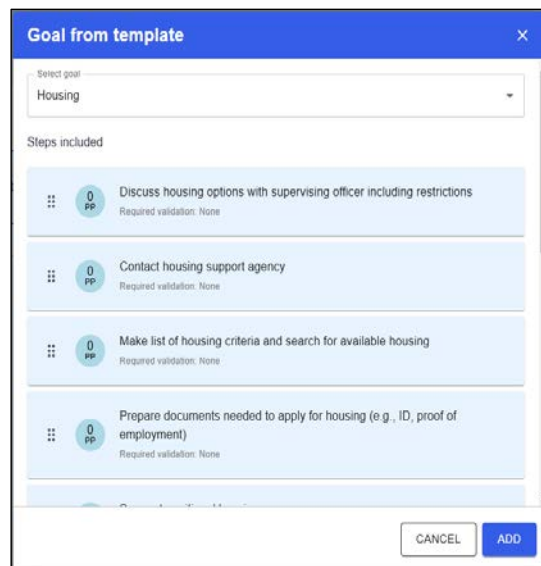

Clicking on the + *ADD* button takes you to the *Goals from template* page.

Select a goal from drop-down menu.

The 'Goal from template' modal is shown in two states. The left state shows the modal with a 'Select goal' dropdown menu. The right state shows the dropdown menu open, displaying a list of goals with their corresponding PP values:

| Goal                                 | PP    |
|--------------------------------------|-------|
| SUD Treatment Continuation           | 10 PP |
| Mental Health Treatment Initiation   | 40 PP |
| Mental Health Treatment Continuation | 10 PP |
| Housing                              | 0 PP  |
| Employment                           | 0 PP  |
| Food                                 | 0 PP  |
| Transportation                       | 0 PP  |
| Childcare                            | 0 PP  |

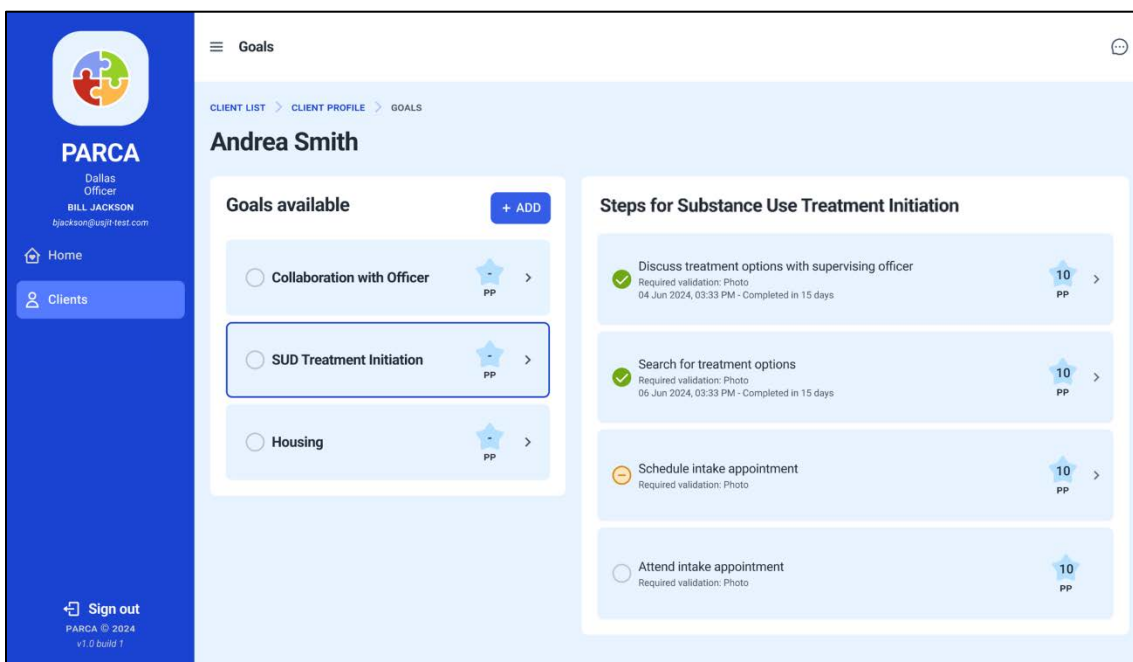

If you make an incorrect selection from the drop-down menu, you can cancel the action and start over. Click on the “X” on the upper right corner of the *Select goal* box, this will clear the drop-down selection allowing you to select another goal.

Once the correct goal is selected, click the **ADD** button to assign the goal to the client.

**NOTE:** You will not be able to remove a goal after it has been assigned to a client. If you need to remove a goal after it has been assigned, please contact the research team.

Clicking the **ADD** button takes you back to the client’s *Goals* page.

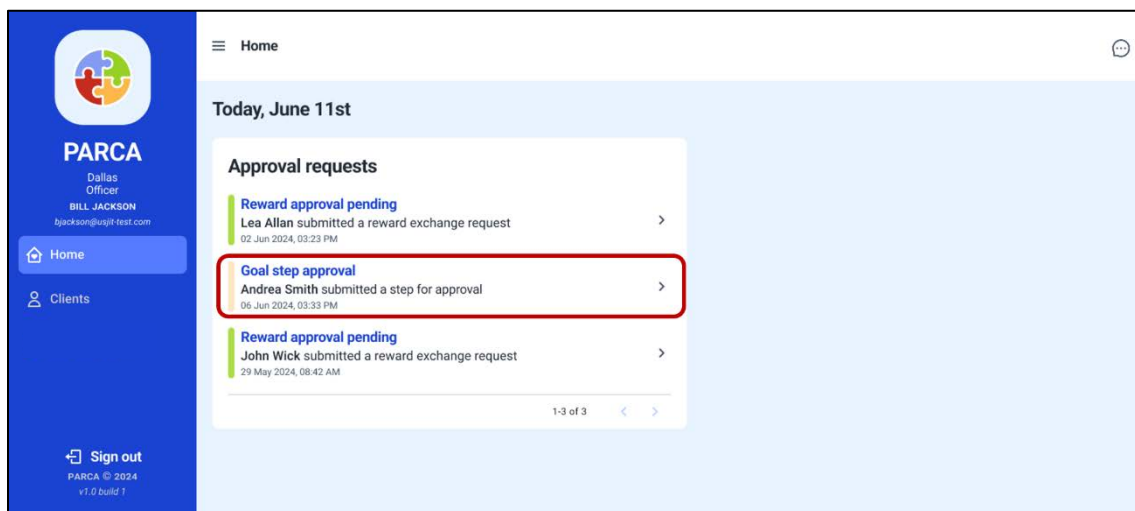

Remember, goals can only be added by an officer. You are encouraged to work with your clients to select goals that are important to them and consistent with their case plan.

#### 4.3.4 How do I review and approve goal step completion requests?

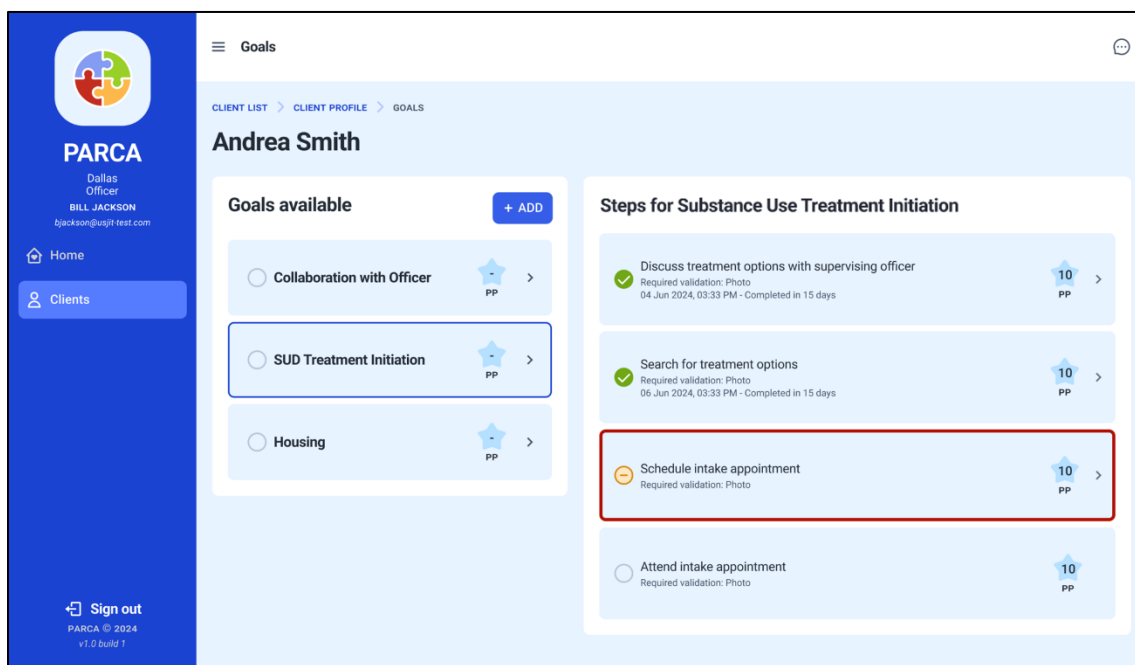

Using the PARCA mobile app, clients will indicate they have completed a step and submit any supporting evidence to confirm completion (if evidence is required).

You will be notified on your PARCA *Home* page that a step completion review is pending.

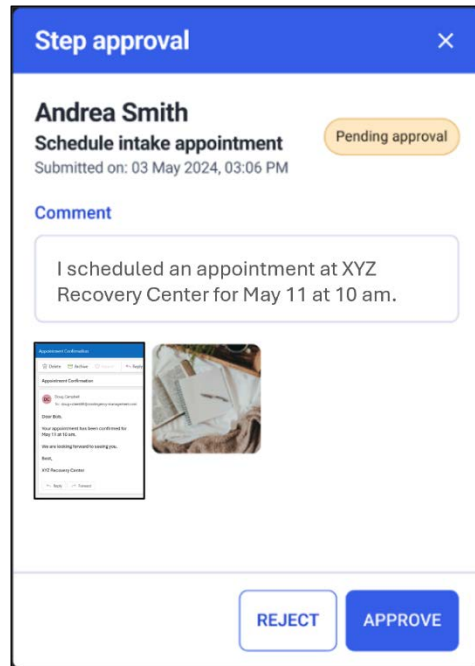

Click on the pending *Goal step approval* request from the *Approval requests* list. This will take you to directly to the goal step completion review step.

You can also access the goal step approval request from the client's *Goals* page.

Select the goal of interest. Click on the goal step that is pending review (orange dot with a dash).

A popup window will appear displaying the supporting evidence of step completion that was submitted by the client (NOTE: not all steps require supporting evidence).

**Step approval** [Close]

Pending approval

**Comment**

I scheduled an appointment at XYZ Recovery Center for May 11 at 10 am.

**Supporting Evidence**

Appointment Confirmation

Appointment Confirmation

Dear Sirs,

Your appointment has been confirmed for May 11 at 10 am.

You are looking forward to seeing you.

Best,

XYZ Recovery Center

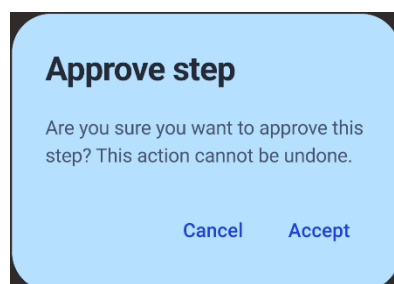

[Back] [Cancel]

**REJECT** **APPROVE**

Review the goal step approval request and any supporting evidence (if required), and approve or reject the goal step completion request.

#### Approve goal step completion:

- Click on the **APPROVE** button.
- A confirmation message will appear. Click on *Accept*.
- The client will be notified through the PARCA mobile app that their request was approved, and any associated PPs will be added to their available PP balance.

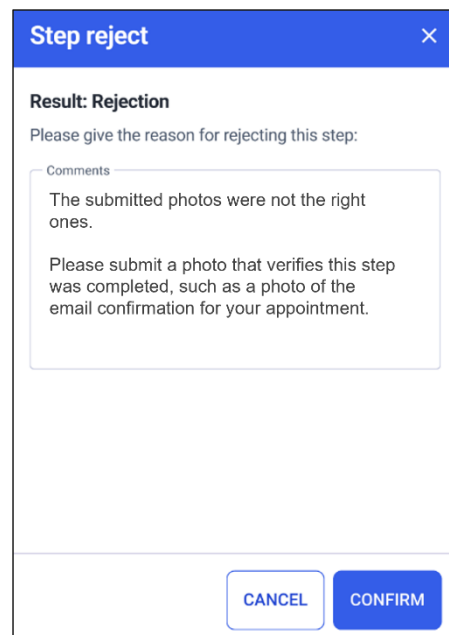

**Approve step**

Are you sure you want to approve this step? This action cannot be undone.

**Cancel** **Accept**

### Reject goal step completion:

- Click on the *REJECT* button.
- A confirmation popup window will appear. Enter the reason for rejection and click on *CONFIRM*.
- The client will be notified through the PARCA mobile app that their request was rejected, including the reason it was rejected.
- The client will then need to correct the issue and resubmit the goal step for approval once they have done so.

The image shows a mobile application popup window titled "Step reject" with a close button (X) in the top right corner. The window has a blue header bar. Below the header, the text "Result: Rejection" is displayed in bold. Underneath, it says "Please give the reason for rejecting this step:". There is a text input field labeled "Comments" containing the text: "The submitted photos were not the right ones." Below the input field, there is a paragraph of text: "Please submit a photo that verifies this step was completed, such as a photo of the email confirmation for your appointment." At the bottom of the window, there are two buttons: "CANCEL" and "CONFIRM".

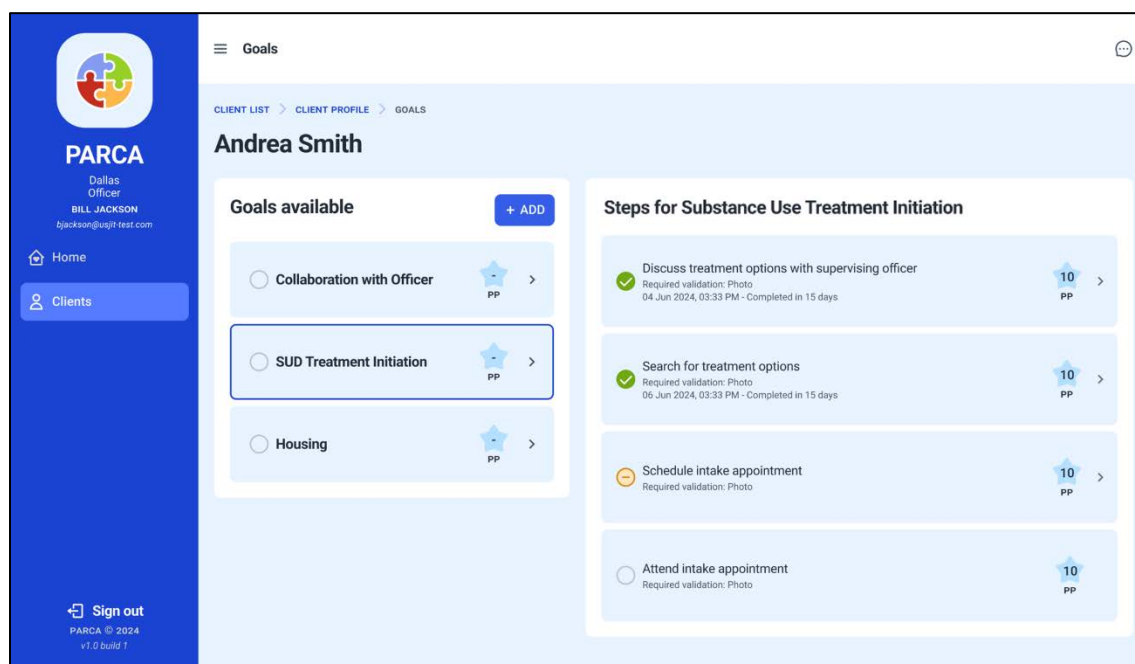

### 4.3.5 How do I track goal completion?

Goals will be completed automatically once all the steps within a goal have been approved by the officer. Once a goal is completed, you should contact the client to set a new goal.

## 4.4 How do I Manage Client Rewards?

### 4.4.1 What is the process for approving client rewards?

Clients earn PPs for completing steps towards achieving the incentivized community supervision goals. The amount of PPs they can earn is listed in the star icon for the goal step.

PPs can be redeemed by the client through the PARCA mobile app.

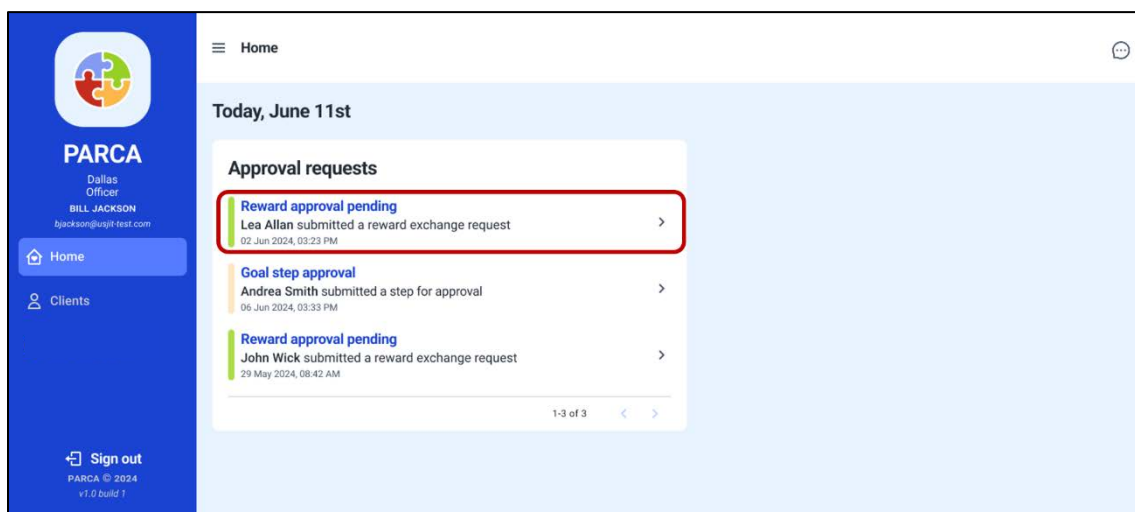

Clients must submit PP redemption requests to their officer for approval through the PARCA mobile app. All PP redemptions must be approved by the officer before the client can receive their reward.

Please note that client reward redemption requests should only be rejected for the following reasons:

- their redemption request exceeds the current balance of their community service hours, or
- their redemption request exceeds the current balance of their community supervision fees.

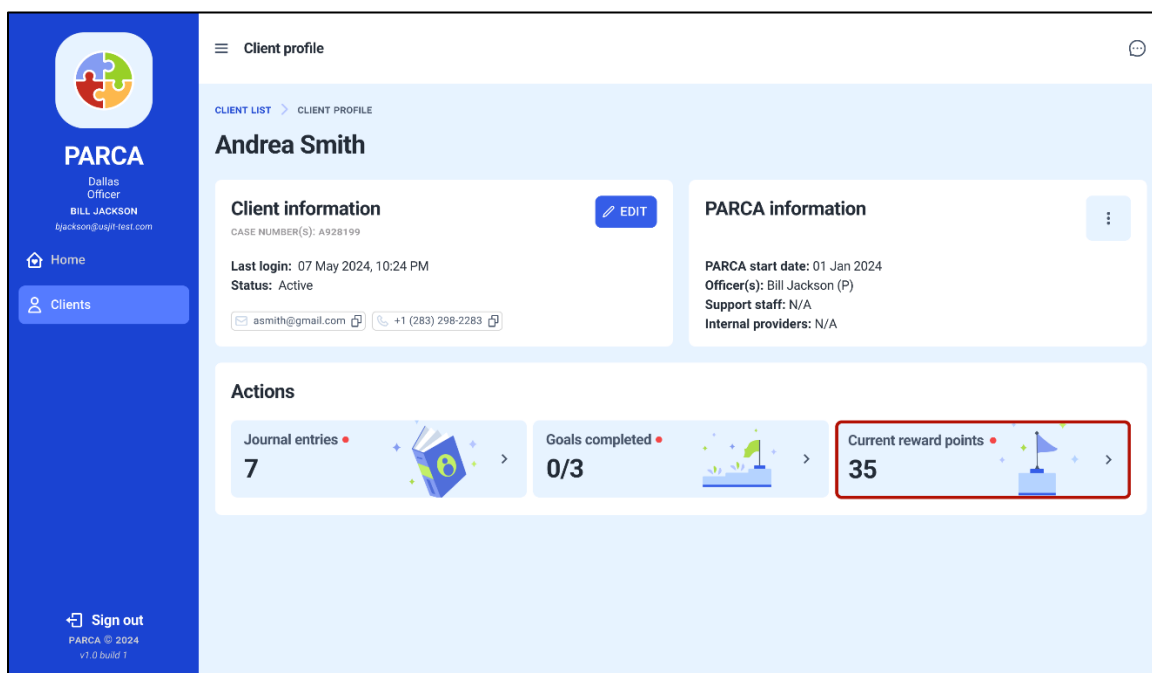

**NOTE:** PARCA does not actually deliver rewards to clients. This must be done manually for in-county clients using CSS (reducing community service hours or reducing community supervision fees); or by the research team for out-of-county clients (providing a bus pass or cash voucher). The research team will provide you with a report to aid in this process.

You will receive a *Reward approval pending* notification on your PARCA Home page that a client's reward redemption review is pending.

Click on the *Reward approval pending* request from the *Approval requests* list. This will take you directly to the reward redemption review step.

You can also access the reward redemption approval request from the client's *Rewards* page. Go to the client's *Rewards* page from their *Client profile* page by clicking on the *Current reward points* button.

The screenshot shows the PARCA Rewards interface. On the left is a sidebar with the PARCA logo, user information for Bill Jackson (Dallas Officer), and navigation links for Home and Clients. The main content area is titled 'Rewards' and shows the client profile for Andrea Smith. A summary bar displays 'Earned 55', 'Redeemed 20', and 'Available 35' PARCA points. Below this, the 'Earning history' section lists four activities: 'Attend intake appointment', 'Schedule intake appointment', 'Submit a negative drug test', and 'Attend an appointment', each with a 10 PP reward and a completion timestamp. The 'Redemptions' section shows a single request for 'Community service reduction - 10 hr' with a status of 'Pending approval'.

From the *Rewards* page, officers can view the client's:

- Total number of PPs earned
- Total number of PPs redeemed
- Total number of PPs available for redemption
- PPs *Earning history*
- Detailed *Redemptions* history, including the status of the client's redemption approval requests (Approved, Rejected, or Pending)

#### Pending redemption requests:

Officers need to respond to pending requests as quickly as possible to get the maximum benefit of the incentive to encourage behavioral change.

#### Approved redemption requests:

The client will be given the reward in exchange for their PPs. The associated PPs are deducted from the client's available PP balance.

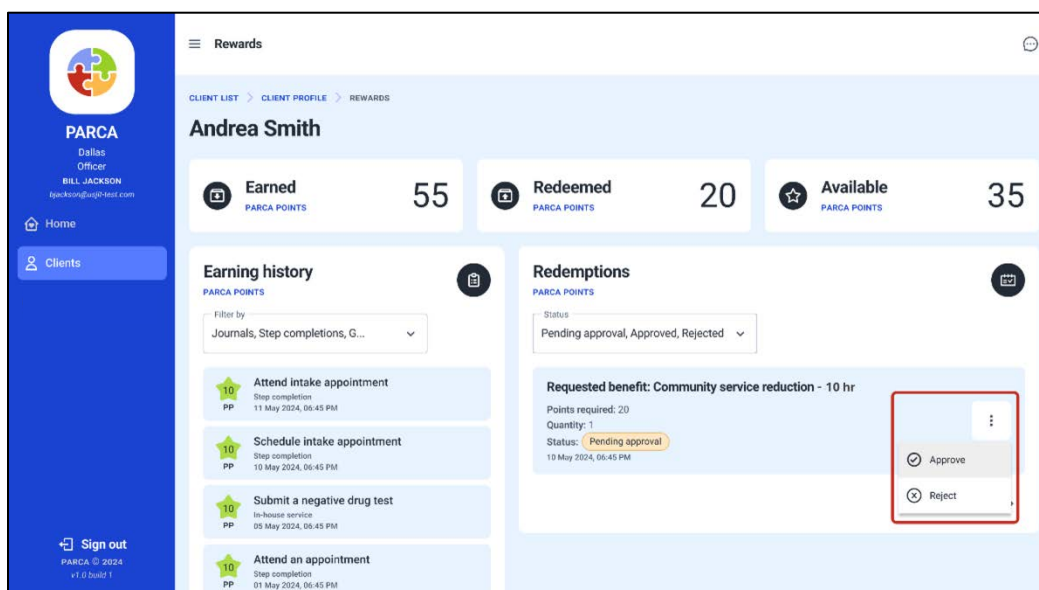

#### Rejected redemption requests:

You should only reject a redemption request if the requested reward is not available.

The client will not be given the reward in exchange for their PPs. The associated PPs are not deducted from the client's available PP balance.

#### 4.4.2 How do I review pending client redemption requests?

Click on the *three-dot* icon on the right side of the Requested incentive showing the *Pending approval* status.

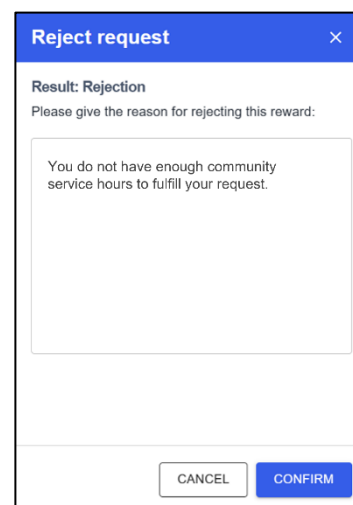

##### Approve reward redemption:

- Click the *Approve* button.
- A confirmation popup window will appear. Click *Accept*.
- The client will be notified through the PARCA mobile app that their request was approved and that they will receive their reward.
- The associated PPs will be deducted from the client's available PP balance.

##### Reject reward redemption:

- You should only reject a redemption request if the requested reward is not available.
- Click the *Reject* button above.
- A confirmation popup window will appear. Enter the reason for rejection and click on *Confirm*.
- The client will be notified through the PARCA mobile app that their request was rejected, including why it was rejected, and that they will not receive their reward. You should discuss this further with the client.
- The associated PPs would not be deducted from the client's available PP balance.

## 4.5 Where Can I Find the Officer Dashboard User Manual?

The Officer Dashboard User Manual can be found at the PARCA Help and Support website:  
<https://q2i.com/parca/help/>.

## 5 What are the Troubleshooting Tips?

### Password resets:

- To reset your PARCA password, use the *Forgot Password* option on the *Sign-In* page to request an email link to reset your password.
- You will then enter your account's associated email address so you can reset your password. If an account exists under the provided email address, a reset link will be sent to the email address with further instructions.
- Email will come from [no-reply@q2i-parca.com](mailto:no-reply@q2i-parca.com) (check your junk and SPAM folders).

### Remove or Edit a goal:

- For any incorrectly entered goals, please get in touch with your assigned Q2i PARCA administrator ([support@q2i-parca.com](mailto:support@q2i-parca.com)), they will be able to remove and modify any entries.

### Page not loading:

- Confirm that you have an internet connection by attempting to access a different site; if the other site does not load either, most likely, you will have to contact your network administrator.
- Cookies and cache can become corrupted in any browser, especially if you access multiple pages on a daily basis. Clearing cookies and cache and relaunching the browser often helps.
- Wrong URL entered; this is a common error that can be avoided by saving the PARCA URL in your favorites <https://dallas.q2i-parca.com/>.
